

B1 Electronics box and B1 two-gang junction box

Distance piece 91

- for separate covers for antenna sockets in combinations with sockets without electric shock protection
- Centre distance 91 mm
- for multiple row combinations
- fits one-gang boxes, one-gang junction boxes, abutments

Order number:	1259-04
EAN:	4013456356887
Length	60 mm
Packaging inner/dispatch	10/100

The B1 electronics box and B1 two-gang junction box are especially suitable for installations in on-site mixed concrete vertical formwork. The electronics box provides plenty of space for accessory installations, and additional space for devices such as switch actuators or other components for smart home applications. The relevant separator wall allows the standardised installation of bus and operating voltages in a single box. Two-gang junction boxes allow the installation of block and pre-wired accessories, and provide space for the assembly of cable for multimedia connections.

- Plenty of space for accessories and cables
- Separator wall for the standardised incorporation of two voltage types
- Flat front part for fast, easy nailing
- Innovative conduit entries for fast fitting on the building site
- Slot for Prefix® system wing set
- Spring travel ensures secure fit in standing formwork
