

TECHNICAL DATA SHEET

CMC TYPE	21100
Supporting Base	Polyester, aluminium coated
Colour	silver
Thickness without adhesive in mm	0,023 ± 10 %
Thickness with adhesive in mm	0,040 ± 10 %
Adhesive Properties	
Kind of adhesive	Acrylic
Adhesive strength in N/10 mm	3 – 4
Thermal Properties	
Maximum temperature in °C	130
Short-time-temperature in °C	175
Flammability according IEC 60454-2	Flame retardant
Isolation class VDE 0530	B
Electrical Properties	
Voltage testing	no breakdown
Breakdown voltage VDE 0303 in V_{eff}	5.000
Electrolytic corrosion (VDE 0303 part 6)	A 1,2
Mechanical Properties	
Tensile strength in N/10 mm	30 – 40
Elongation at break in %	60 – 80
Other Properties	

Storage conditions: cool and dry (15 - 25°C, < 65% rel. humidity)

03/08

Quality guarantee: 12 months
